BIRTHDAY
BUT NOT
'EXACTLY'
BIRTHDAY

You know when you're bored, and the boredom doesn't entail movies or tv shows, you're looking for something more like a night out in town, pre-COVID era though. I grabbed my phone that lazy Sunday afternoon and kept chatting people up to see who is available. My mind went to a crazy acquaintance of mine, she is crazy, super flirtatious, and super amusing. She said she would pretend it's my birthday and give me a birthday treat.

BIRTHDAY BUT NOT 'EXACTLY' BIRTHDAY

While I love to live dangerously like every other nutjob, I had never done this before. While the vehicle was immobile, sure, a few times even, but while driving, that was a new one, and I wanted it too.

Sly fucker, that one, then when I found a quieter street, I undid my zipper, and unleashed him out

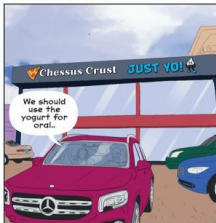

I asked her to stop or at least suspend it till it got a bit quieter. My dick was more interested than I was, as it kept nodding back and forth inside my pants.

This was already shattering my brain, but then she decided to deepthroat me while I was driving, my body reacting to my dick been swallowed deep down was that my leg pressed down hard on the accelerator, which means that I stopped cruising and then began accelerating like 80km/hr abruptly.

I opened my yogurt and rubbed some across her face like make-up, and licked it off her face, and did another to trace it down to her lips, which ended in a kiss, I put more on her boobs over the areola, some over her nipples.

It was interesting, as I began to lick the yogurt, intentionally using the tip of my tongue to push the cold substance around her big boobs, so I could lick them, I noticed her rubbing her thighs together, slowly twisting and turning, which means that its a myth that ladies with big boobs don't have sensitive nipples.

I was enjoying the play because it gave me time to pleasure her back, thinking back at how much she had blown my mind earlier, so I was happy that she was enjoying my tongue over her boobs.

I noticed that her nipples were more sensitive to tongue twirling around them, anytime I did that with or without yogurt.

Paying attention to her areola and her now hardened nipples, sucking them and playing with them, her boobs were so soft.

She kissed me back like her life depended on it, it was so frigging sexy.

I put my hands into the yogurt and smudged it all over her body, and began my tour with my tongue.

From her boobs down to her belly button, it trailed down to her thighs, streaming towards her inner thighs, I licked it all, trailing down to her pussy.

She has a beautiful pussy too, the vulva looked exquisite, it was begging to be sucked, and anxiously waiting, as she slowly jerked from waist from left to right, and vice versa.

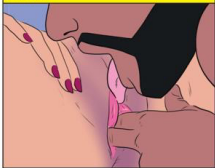

Licking them back up and teasing her pussy lips, running the tip of my tongue from the bottom of the vulva to the top, rolling the tip of the tongue up and down over the clitoris.

Pushing the tongue into the pussy, gaining entrance into it. Her waist jerking sporadically against my face.

Kissing the vulva, wet fingers slowly going into the pussy while the tongue goes over her soft clitoris. Her waist movement became more and more involuntary as my finger dig deeper and increase the pace of the fingers going in and out.

She began to twitch and my fingers became covered with her pussy cream, licking the clitoris like a dog licking water.

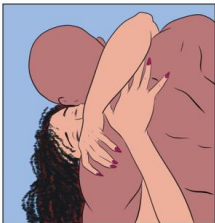

Please fuck me.

Fuck me harder!

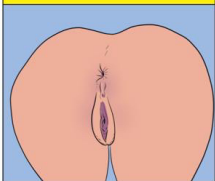

She was now asking for deep and hard strokes. I held her legs apart like chicken lops and continued to fuck her deep and fast.

Soon enough, her pussy got wetter and wetter, and she was calling my name, and screaming into my ears, I began to feel my cum pushing through.

I got up, and arranged her in doggy position.

We both felt how good this position was, I felt like my dick had superpowers because it felt so good, and her moans were a testament to that, I loved fucking her.

She moaned, this is why I came here. That sort of statement only makes your dick harder and rearing to go deeper than usual, and just pleasure the shit out of this woman.

I never thought I could have this much fun, just fucking her silly, spanking her delicious big ass, it was all getting too much, and I could feel my cum shooting through my balls like a Lockheed Martin F-35 Stealth Jet carrying a payload of my cum.

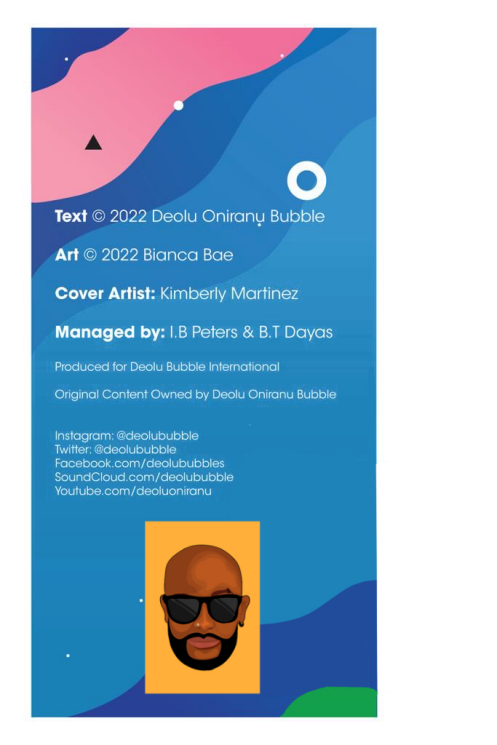

She kept giggling like Harley Quinn, as the cum was on her tits, she rubbed them over each other, spreading it across, I was lost at the sight, wonderful to watch.

Are you satisfied? I asked, she nodded and continued giggling, and playing with the cum over her chest.
